

## Election Integrity

Thank you for your comments and inquiry regarding the issues concerning election integrity during the June 6th Primary Election

Our focus is on Voting integrity for all Democrats running in San Diego County. We have been working closely with the chair of the San Diego County Democratic Party who will be addressing election integrity, and voting machine issues with the members of the San Diego Board of Supervisors as soon as possible. He will be asking the Board of Supervisors, who is the governing body of the Registrar of Voters, to hold open hearings to ensure any issues that put the integrity of the voting process into question are addressed.

The San Diego County Democratic party is asking any person who lives in San Diego County, contact their Board member and demand that they hold public hearings on voting integrity, especially the use of electronic machines. This is critical not only to our campaign, but to all Democratic Candidates running in the November election. You can find your board member at [www.co.san-diego.ca.us/cnty/bos/map.html](http://www.co.san-diego.ca.us/cnty/bos/map.html)

Once again, thank you so much for taking the time to write to our campaign, and please work with the San Diego Democratic Party to resolve these issues.

Francine Busby
